

Ocean Leadership Training

CREATION JUSTICE MINISTRIES

Are you a faith leader or young adult in Florida who would like to learn more about how to protect God's marine creation?

How about strategies to communicate to elected officials the importance of issues like rising sea level, plastics in the ocean, and the importance of protected areas in the ocean?

Would you like to connect to other local faith leaders in your community on ocean-related work?

YOU'RE INVITED!

DATE

August 29th

TIME

12PM - 7PM

LOCATION

St. Armands
Lutheran Church

This training will be broken up into sections where participants will learn from each other, from ocean experts on leading policy issues & have opportunity to practice communication strategies to different stakeholder groups.

This training will include an excursion to Mote Marine Lab to learn from ocean experts there, followed by a fellowship hour at the aquarium where members of Congress are invited to attend, as well members of the larger local faith community.

TO PARTICIAPTE, PLEASE FILL OUT THIS BRIEF RSVP APPLICATION
